PFE ORIGINAL

Today I made an unannounced visit to Ted Peurifoy at his residence (b) (6)
(b) (6)(b) (6)(b) (6)(b) (6)(b) (6) Mr. Peurifoy was identified by Mr.
Brundage as an individual who worked for Richard Heller at the Clearview Landfill. Mr.
Brundage also advised me that Mr. Peurifoy was a close friend to Richard Heller.

Upon arriving I identified myself to Mr. Peurifoy, explained the purpose of my visit and provided Mr. Peurifoy with a copy of the letter of introduction.

Mr. Peurifoy stated that he worked for Richard Heller and the Clearview Land Development Corporation at the Clearview Landfill (Landfill) for 25 years. He indicated that he was the "scraper" at the Landfill during his 25 years of employment. When asked to describe the duties of a scraper, Mr. Peurifoy stated that he separated metal and any other valuable waste from waste disposed of at the Landfill. Mr. Peurifoy stated that he "broke ground" with Richard Heller when the Landfill started operation.

When asked if the Philadelphia Navy Yard had disposed of waste at the Landfill, Mr. Peurifoy stated that the Philadelphia Navy Yard disposed of all types of waste at the Landfill on a regular basis. When asked if any of this waste could have been nuclear or radioactive waste, Mr. Peurifoy stated that this waste was "all types of waste".

At this time Mr. Peurifoy stated that he is a close friend of Richard Heller, explaining "I would kill for Richie". (This was not taken as a threat, but as his way of expressing his loyalty and closeness to Richard Heller). Mr. Peurifoy stated that he would not talk to me until he received approval from Mr. Heller. When I explained the purpose of identifying potentially responsible parties, he indicated that he knew the names of all the companies that disposed of waste at the Landfill and knew what types of waste was disposed of by most of these companies. He indicated that he could provide me with "hundreds of names."

Mr. Peurifoy then made a telephone call indicating that he was calling Richard Heller for his approval to talk to me. There was no answer and Mr. Peurifoy stated that he would see Richard Heller today. Mr. Peurifoy provided me with his telephone number and advised me to call him tomorrow and he would let me know if he will allow me to interview him.

As I was leaving I told Mr. Peurifoy that I had heard that Mr. Heller had moved to Florida. Mr. Peurifoy stated that "Richie" had come back to the area about one month ago after his father (Heller's) had passed away. He indicated that Richie has a home in Miami, but is staying in the Philadelphia area for the time being.

Mr. Peurifoy stated that he does not work for Mr. Heller at the present time.

Interviewers Comments: Mr. Peurifoy is a very intelligent 72-year-old man. He has a great deal of information and probably remembers a great deal about the Landfill operation. He wanted to talk to me but insisted on getting the approval of Richard Heller first.

I will call him tomorrow morning and hope for the best.
